When You've Been Fully Vaccinated

How to Protect Yourself and Others

In general, people are considered fully vaccinated:

- 2 weeks after their second dose in a 2-dose series, such as the Pfizer or Moderna vaccines, or
- 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine

If you don't meet these requirements, regardless of your age, you are NOT fully vaccinated. It is recommended that you keep taking all precautions until you are fully vaccinated.

If you are fully vaccinated, the CDC has advised you can resume activities that you did prior to the pandemic. Fully vaccinated people can resume activities without wearing a mask or physically distancing, except where required by federal, state, local, tribal, or territorial laws, rules, and regulations, including local business and workplace guidance. It is also important that Northline employees are aware of any customer requirements.

The NYS Department of Health strongly recommends masks in indoor settings where vaccination status of individuals is unknown. Some States require that you wear a mask when out in public regardless of distancing or vaccination status. If you are traveling, make sure that you are aware of that State's requirements.

If you haven't been vaccinated yet, information to find a vaccination location is below.

The COVID-19 Vaccine

Vaccines are available at pharmacies, hospitals, local health departments and Federally Qualified Health Centers statewide – please contact your provider of choice to schedule your vaccine appointment.

All individuals 12 years of age and older that reside in the United States are eligible to receive the vaccine. Visit [Vaccines.gov](https://www.vaccines.gov) to find appointments near you or contact your local pharmacy or provider.

To schedule an appointment directly at a New York State-run site, go to [New York State's vaccine scheduler](https://www.vaccines.gov) and follow the instructions. Walk-in appointments are also accepted at New York State mass vaccination sites for all eligible individuals.
